Paramore :Decode Lyrics

How can I decide what's right?	eyes And its hanging on your tongue	of ourselves Do you see what we've done? We're gonna make such fools of ourselves
When you're clouding up my mind	Just boiling in my blood, But you think that I can't see	
Can't win your losing fight all the time	What kind of man that you are If you're a man at all	How did we get here? I use to know you so well
Not gonna ever own what's mine	Well, I will figure this one out on my own	How did we get here? Well, I use to know you so well
When you're always taking sides	(I'm screaming "I love you so..." But my thoughts you can't decode)	
You wont take away my pride No not this time Not this time		I think I know I think I know
How did we get here?	How did we get here? I use to know you so well	There is something that I see in you
I use to know you so well How did we get here?	How did we get here? Well, I think I know	It might kill me I want it to be true
Well, I think I know		[Decode Lyrics on http://www.lyricsmania.com /]
The truth is hiding in your	Do you see what we've done? We're gonna make such fools
